7. Choose piping/stitching

Piping

Piping is an option on both fabric and leather modules. Choose piping colour from the same fabric as the sofa or from our whole fabric/leather collection within the same price group, (no patterned fabrics). If piping is not specified, it will be delivered in the same fabric or leather as the module. The thickness of the piping follows the thickness of the leather/fabric.

Stitching

Leather modules can be ordered with the following stitching options:

1. standard stitch.
2. long matching stitch
3. contrast stitch.

NIGHT back cushions are not available with stitching options and will be made without stitching.

Always specify piping- or stitching option on order. If no option is specified, the model is delivered with a standard stitch.

To remember when order:

Always start from left to right as seen from the front. Always start and finish with an armrest, exception when choosing a divan that does not have armrests.

Back cushion: Day or Night.

Comfort: Day EU+/C1/C2+, Night EU / C2.
