We observed that most dining sofas had straighter lines and felt Paloma's rounded shapes would be a more graceful option for your dining room. The dining sofa comes with an optional armrest cover to protect it from daily use and dirty dinner hands.

This is the original design to our new range of Paloma sofas - a contemporary looking armchair with rounded lines and a slight retro touch. Palomas' look and feel can be perceived very differently by opting for metal or wooden legs or upholstered mixed combinations. The armchair's inner and outer sides can be ordered with contrasting upholstery to create a more exciting look. Chose your personal expression with colours – incredibly trendy this season is to go for a boucle fabric.
