THE LIFT COLLECTION

With the Lift Collection, you can easily adjust the height of your tables.

Transition from a low table to a dining table or from a dining table to a standing table.

These tables elevate with the help of a lever hidden beneath the tabletop.

WHY CHOOSE AKANTE?

A FRENCH COMPANY

Established in 2012 in northern France, we operate not only nationwide but also throughout Europe.

KNOW-HOW

Our material of choice is ceramic, prized for its nobility, durability, and excellent manufacturing qualities. It's a material that is highly robust, resistant to wear, scratches, heat, and deformation.

INNOVATIVE MECHANISMS

Mechanisms are at the core of our brand. We are committed to offering contemporary furniture that combines aesthetics and ingenuity to make everyday life easier. We develop various types of mechanisms for our tables: synchronized, lever, automatic...

CUSTOMISATION

We aim to offer our customers a unique and singular product. That's why we provide up to 12 ceramic colors for the tabletops of our dining tables. Simply choose the dimensions of the tabletop, the color, and the base from a wide selection.

ECO-DESIGN

We place great importance on eco-design and the fight against waste. That's why our dining tables are cut to the exact size of our ceramic slabs to maximize their use. Each ceramic offcut is carefully collected and reused to create another Akante product.
